2009 Women of EMS CALENDAR Photographer Application

The production of the 2009 calendar will be getting underway at the start of the new year, and we hope you all will consider applying. This first page to provide you with a little background of what we are all about to better help you decide if the calendar is right for you. Thank you for your interest.

The calendar started out as a little project to raise some money for a good cause as well as to get Long Island Fire and EMS Supplies name out. This is our 2nd year but we expect it to grow and become nationally recognized in a couple of years. It is already recognized regionally.

The calendars are sold online, by the featured women, our photographers, and at our attendance at numerous fire/EMS conventions throughout the year, at which the women personally autograph the calendars for the patrons.

If you are selected you will be giving your time to what we believe to be a worth while cause. You will gain friends that could last a lifetime.
